Professional Summary

Data Analyst with 1+ year of hands-on experience and a statistical background. Skilled in ETL pipelines, data wrangling, data quality, data modeling, and end-to-end analytics. Proficient in Power BI, SQL Server, Python, Excel, and Tableau. Delivered 15+ analytics projects across e-commerce, marketing, finance, telecom, HR, sales, real estate, and startup ecosystems. - Passionate about transforming raw data into actionable insights.

Experience

- Business Analytics Intern | Auspify Technologies***Jul 2026 – Present | Remote*
- Delivered 6 structured business analytics tasks covering audience segmentation, market performance analysis, and KPI development. Built interactive Power BI and Excel dashboards.
- Data Analytics Intern | National Telecommunication Institute (NTI)***Mar 2026 – May 2026 | On-site*
- Completed an intensive 3-month Data Analytics program on real-world datasets, delivering an end-to-end pipeline on 1.45M+ records across 11 tables - covering data cleaning, EDA, relational modeling, and interactive dashboard reporting using Python, SQL Server, and Power BI.
- Freelance Data Analyst***Jul 2025 – Present*
- Delivered 2 client projects focused on sales analytics, building Excel-based systems for automated pricing, KPI reporting, and performance tracking. Solutions included Power Query, PivotTables, XLOOKUP, and interactive dashboards - reducing manual reporting efforts and delivering real-time visibility to business stakeholders.

Projects

- Olist E-Commerce Analytics - Python, SQL Server, Power BI**
Built an end-to-end analytics pipeline for 100K+ orders, uncovering 207% YoY growth, customer churn risk, and revenue optimization opportunities.
github.com/ali-0128/olist-ecommerce-analytics
- Startup Ecosystem Analysis - Python, SQL Server, Power BI**
Analyzed 196K startups across 175 countries to uncover \$419.7B in funding patterns, identify success drivers, and explore factors influencing startup exits.
github.com/ali-0128/startup-ecosystem-analytics
- HR Performance Analytics Dashboard - Tableau**
Analyzed 497K+ employee records across 150 stores, identifying attrition trends, workforce performance drivers, and relationships between satisfaction, training, and compensation.

Skills

- Data Analysis & Reporting:** Data Collection, Multi-source Data Integration, Business Performance Analysis, KPI Development & Monitoring, Dashboard Development, Trend Analysis, Root Cause Analysis, Cohort Analysis, Funnel Analysis, Data Storytelling
- Visualization & BI:** Power BI (DAX, Power Query, Data Modeling, Dashboards), Tableau, Advanced Excel (PivotTables, Power Query, XLOOKUP, Dynamic Arrays), Looker Studio, Google Sheets, Google Analytics
- SQL & Databases:** SQL Server (Joins, CTEs, Window Functions, Views, Subqueries, Database Design, Normalization), ETL Pipelines, ERD, BigQuery
- Programming:** Python (Pandas, NumPy, Statsmodels, Matplotlib, Seaborn, Plotly), R
- Data Quality & Management:** Data Cleaning, Data Validation, Data Wrangling, Data Integrity, Data Modeling
- Business Analysis:** Requirements Gathering, KPI Definition, Process Improvement, Stakeholder Communication, Cross-functional Collaboration, Actionable Insights, Business Metrics (Churn Analysis, RFM, CLV, ROI, CVR, AOV, CAC, NPS, FCR, AHT)
- Analytical Methods:** EDA, Descriptive & Inferential Statistics, Regression, Hypothesis Testing, A/B Testing
- Tools & Platforms:** Git & GitHub, Jupyter Notebook, VS Code, Microsoft Office
- Soft Skills:** Problem Solving, Critical Thinking, Attention to Detail, Communication, Teamwork

Education

- Al-Azhar University, Cairo***Sep 2019 - Aug 2023*
- Bachelor of Psychology and StatisticsGPA: 3.6 / 4.0
- Relevant Coursework: Statistics and Probability, Research Methods, Behavioral Data Analysis.

Courses & Certifications

- Data Analysis Track** - Information Technology Industry Development Agency*Feb 2026*
- Data Analysis with Python** - FreeCodeCamp*Mar 2025*
- Building Business Reports Using Power BI** - 365 Data Science*Nov 2024*
- Thinking Like an Analyst** - Maven Analytics*Oct 2024*
